Hi... I'm Your Liver!
Let me tell you
how much I love you...in **9** ways

Health - Bytes

1. I **store the iron** reserves you need, as well as a lot of **vitamins and other minerals**.

Without me, you wouldn't have the strength to carry on!

Health - Bytes

2. I make **bile** to help digest your food.

Without me, you'd waste away to nothing.

Health-Bytes

3. I **detoxify poisonous chemicals** you give me, and that includes alcohol, beer, wine and drugs (prescribed and over-the-counter) as well as illegal substances.

Without me, your "bad" habits would kill you.

4. I store **energy**, like a battery, by stockpiling sugar (carbohydrates, glucose and fat) until you need it.

Without me, the sugar level in your blood could fall dramatically and you'd go into a coma.

Health - Bytes

8. I **make clotting factors** that stop the bleeding when you accidentally prick yourself.

Without me, you'd bleed to death!

***Let me tell you some easy ways to
love me, your liver !!!***

Health-Bytes

- Don't drown me in beer, alcohol or wine!

Even one drink is too much for some people and could scar me for life.

Health-Bytes

- **Watch those drugs!**

All drugs are chemicals, and when you mix them up without a doctor's advice you could create something poisonous that could damage me badly.

- I scar easily.. and those scars, called "cirrhosis" are permanent.

Medicine is sometimes necessary. But **taking pills when they aren't necessary is a bad habit.** All those chemicals can really hurt a liver.

- Be careful with **aerosol sprays!**

Remember, I have to detoxify what you breathe in, too. So when you are cleaning with aerosol cleaners, make sure the room is ventilated, or wear a mask.

- ***That goes double for bug sprays, mildew sprays, paint sprays and all those other chemical sprays you use. Be careful what you breathe!***

Watch what gets on your skin! Those insecticides you put on trees and shrubs not only kill bugs they can get to me right through your skin and destroy my cells, too. Remember they're all chemicals.

Cover your skin with gloves, long sleeves, a hat and mask every time insecticides are in the air or if you're handling them.

WARNING:

I can't and won't tell you I'm in trouble until I'm almost at the end of my rope... and yours.

Remember: I am a non-complainer. Overloading me with drugs, alcohol and other junk can destroy me! This may be the only warning you will ever get.

Take My Advice, Please!

- Check me out with your doctor.
- Blood screening tests can identify some trouble.
- If I'm soft and smooth, that's good. If I'm hard and bumpy, that could mean trouble.
- If your doctor suspects trouble, ULTRA SOUND and CT scans can look into it.
- My life, and yours, depends on how you treat me.
